1175 acres in Middletown, California,
Location coordinates: 38.782317, -122.496548
GSA Control No. CA-1543-AB

Dear Ms. Parker:

The U.S. General Services Administration (GSA) is writing to inform you of the planned Report of Excess (ROE) for the subject property by the United States Coast Guard (USCG). Upon receipt of the ROE, GSA plans to proceed with our disposition process pursuant to the powers and authority contained in the provisions of Title 40 U.S. Code, Chapter 5, et seq. as amended.

USCG has determined 1175+/- acres to be excess to their mission needs and is working with GSA on the planned disposition. The property is comprised of 2 parcels:

- 733+/- acre special legislation parcel subject to Public Law 106-554. Lake County formally informed GSA via letter dated August 16, 2026 that Lake County is no longer interested in acquiring the subject property. The 2016 letter is enclosed for reference. In 2017, USCG formally withdrew their Report of Excess for the 733+/- acres and retained ownership of the property.
- 442+/- acre adjacent to the 733+/- acres improved with the LORAN C installation and related equipment. USCG is currently conducting due diligence for the property including environmental and historic resource assessments.

If Lake County would like to change their acquisition stance on the special legislation 733 +/- acre parcel, please inform GSA by **May 15, 2026**. If a response is not received by this time period, GSA will proceed planning a disposition under Title 40 U.S. Code, Chapter 5, et seq. as amended for both parcels.
