Lake County 2050 General Plan Advisory Committee, Representative, District 4 (2024-present)

Briefly describe how your participation on this Board will help the Lake County Community: *

For decades, addressing hunger has been among my concerns. I have served on the board of a soup kitchen, chair of a church's Church in Society committee and representative on a denomination's regional Church in Society board. As Church in Society chair, I led efforts to expand a church's food program from a few holiday food baskets a year to a year-round program of food support for "adopted" low-income families and seniors not affiliated with the church.

My interest in food security and independence extends to policy, research, outreach and volunteerism. This can serve Lake County, a food desert, well. I seek solutions, best practices, and collaboration.

As a community volunteer and civic participant, I attend almost all meetings of the Lake County Board of Supervisors, Planning Commission, six Municipal Area Councils, Big Valley Groundwater Sustainability Plan Advisory Committee, Lake County Food Policy Council, Lake County General Plan Advisory Committee and all eight advisory committees for Local Area Plans.

I attend these meetings to better understand Lake County residents' issues and priorities. I also share information at these meetings and provide public comment. Community outreach is a large part of my volunteer effort. I can help the Council realize its vision; specifically, I can assist with at least three Council responsibilities:

- "Shape and recommend informed policy to local organizations, institutions, agencies, jurisdictions, and units of government"
- "Engage with the public on food and agricultural issues" and
- "Promote community empowerment and ownership of the food system"

The Food Policy Council may benefit from my familiarity with issues affecting agriculture (e.g. sustainability, farmland conservation, smart ag), food policy, land use, conservation, and water resources. Research, communications, and community outreach are among my strengths.

List any special qualifications or expertise you may have for the position and any other information you would like to include as part of your application: *

I am familiar with the Council's priorities and work. I have been attending the Food Policy Council's monthly meetings regularly for a year. I have followed the Council's work for several years although a schedule conflict precluded my attending its meetings. I attended the Board of Supervisors meeting (May 2025) when the Food Policy Council presented on local food production and its approach.

As a General Plan Advisory Committee (GPAC) representative, I advocate for Lake County sustainable agriculture, local food production

and preservation of agricultural lands. As an alumna of Lake County AgVenture and Lake County Farm Bureau member, I have an appreciation for the strengths of and challenges facing Lake County agriculture. My family's farming operation reflects harmony with nature, conservation and sustainable farming.

Do you or any member of your immediate family hold a position that might conflict with your duties for this Board/Commission? *

LAKE COUNTY ADVISORY BOARD, COMMITTEE AND COMMISSION CONFLICT OF INTEREST POLICY

Policy

LAKE COUNTY ADVISORY BOARD, COMMITTEE AND COMMISSION CONFLICT OF INTEREST POLICY POLICY

In addition to any Federal or State conflict of interest requirements which may apply, no member of any Advisory board, commission or committee shall make, participate in making or in any way attempt to use their position to influence a decision in which he or she knows or has reason to know that he or she or their spouse has a financial interest. In all such cases, the affected member shall disclose his or her interests in the records of the board, commission or committee and shall refrain from participating in all discussions and votes concerning the matter in which he/she or his/her spouse has a financial interest. The purpose of this policy is not only to avoid actual improprieties, but also the appearance of possible improprieties. Therefore, it is the policy of the Board of Supervisors that any doubts as to whether a member shall refrain from participating in a particular matter should be resolved in favor of non-participation. While recognizing that state law and regulations may specify categories of memberships on certain boards, commissions and committees, to the extent possible, no one shall be appointed to a board, commission or committee which recommends funding allocations to community based organizations, who is (or whose spouse is) a director, or officer of an agency or organization which competes in the funding process before that board, commission or committee. The Clerk of the Board of Supervisors shall provide all applicants for County boards, commissions and committees with copies of this Conflict of Interest Policy. Additionally, the County's staff to each board, commission, and committee shall assist in monitoring compliance with the conflict of interest policy. Monitoring shall include annual review of appointee circumstances as they may change during each appointee's term of office. All applicants shall state on their application for appointment what affiliation, if any, they or their spouse has with public service agencies. Additionally, all applicants shall certify prior to their participation as a voting representative of the Board of

Supervisors that they have read this policy and can serve free of any conflict of interest. The certification will be made by an applicant/nominee by signing the application for their appointment. Further, should any conflict of interest arise during the appointee's term of office, the appointee shall so declare and abstain from participation on the proceeding and business as it relates to the area of conflict. For those boards, commissions and committees which recommend funding allocations to the Board of Supervisors, no member shall participate in any discussions or decisions related to an agency of which the member or the member's spouse is a director or officer. Additionally, unless state law or regulation require otherwise, any such member shall also refrain from participation in discussions or decisions related to proposals which are in direct competition with a proposal submitted by the agency of which the member or member's spouse is a director or officer. APPOINTMENT OF COUNTY EMPLOYEES TO ADVISORY BOARDS (Policies & Procedures Manual, Section 1-7) In order to further community involvement in County government and to further the independence of advisory boards, it shall be the policy of the Board of Supervisors to discourage appointment of County employees to those advisory boards which are intended to consist of independent citizens and/or community members. (Adopted on 10/14/86 and amended on 4/12/94)
